RESEARCH INTERESTS (including but not restricted to)

Topics

- Critical perspectives on educational/learning technologies
- Concepts and discourses on technology
- Pedagogical, epistemological, and technological beliefs in education
- Philosophy and sociology of technology
- Technological capital and digital equity
- Public policies on educational technology
- (In)equity and educational technology

Methodologies

- Critical discourse analysis (CDA)
- Discourse analysis (DA)
- Content analysis (CA)
- Grounded theory (GT)
- Qualitative methods

TEACHING INTERESTS (including but not restricted to)

- Critical perspectives on educational/learning technologies
- Fundamentals of academic research
- Introduction to research design
- Qualitative research methodologies
- Fundamentals of instructional design
- Applications of technology in education
- Games and learning

EDUCATION

2020- 2023 **Ph.D., Interdisciplinary Learning and Teaching**

Cognate area: Learning Design and Technology

University of Texas at San Antonio, US

Dissertation: The discourse on educational technology in corporate advertising, landscape reports, and mass media.

Committee: Dr. [Vittorio Marone](#) (advisor and chair, Learning Design and Technology), Dr. [Timothy Yuen](#) (Learning Design and Technology), Dr. [Rosalind Horowitz](#) (Discourse Studies), Dr. [Seok Kang](#) (Communication).

2018 M.Sc., Education

Concentration area: Digital Languages, Media, and Education

Pontifícia Universidade Católica do Rio de Janeiro, Brazil

Thesis: Conhecimento e tecnologia: uma análise do discurso das Políticas Públicas em Educação [Knowledge and technology: a discourse analysis of Public Policies in Education].

Committee: Dr. [Magda Pischetola](#) (advisor and chair, Media & Education), Dr. [Ralph Ings Bannel](#) (Philosophy of Education), Dr. [Raquel Goulart Barreto](#) (Education Policy).

2015 Graduate Certificate, Planning, Implementation and Management of Distance Learning

Concentration area: Instructional design/eLearning

Universidade Federal Fluminense, Brazil

Thesis: O material didático impresso: educação, design e cognição [Printed instructional materials: education, design, and cognition].

2011 B.A., English Language and Literature

Major area: Linguistics and Discourse studies

Universidade do Estado do Rio de Janeiro, Brazil

ACADEMIC EMPLOYMENT HISTORY

Fall 2024-Present **Assistant Professor (tenure-track)**

Curriculum and Instruction, Learning Technologies

University of Minnesota, US

Spring 2023-Fall 2023 **Teaching Assistant**

Interdisciplinary Studies

University of Texas at San Antonio, US

Spring 2022-Fall 2023 **Graduate Research Assistant**

Interdisciplinary Learning and Teaching Department

University of Texas at San Antonio, US

2018-2020 **Advisor**

Secretaria Especial de Educação a Distância

Universidade Federal de Mato Grosso do Sul, Brazil

2019-2020 **Professor**

Faculdade de Computação

Universidade Federal de Mato Grosso do Sul, Brazil

2017 **Graduate Teaching Assistant**

Education Department

Pontifícia Universidade Católica do Rio de Janeiro, Brazil

2016-2018 **Graduate Research Assistant**

Education Department, ForTec research lab

Pontifícia Universidade Católica do Rio de Janeiro, Brazil

2011 **Undergraduate Research Assistant**

Brazilian scientific initiation program, CNPq

Language Department

Universidade do Estado do Rio de Janeiro, Brazil

2010-2010 **Teacher**

English for Specific Purposes (ESP)

Universidade do Estado do Rio de Janeiro, PROINICIAR program, Brazil

2008-2009 **Undergraduate Teaching Assistant**

Universidade do Estado do Rio de Janeiro, Brazil

Language Department

SELECTED INDUSTRY EMPLOYMENT HISTORY

2021-2022 **International Learning Experience Manager**

Global Learning Experience, Sitel Group
São Paulo, Brazil

2021-2021 **Senior Instructional Designer**

Global Learning Experience, Sitel Group
São Paulo, Brazil

2014-2021 **Instructional Designer | Content Writer | Project Manager**

Lis Consulting [owned business]
Rio de Janeiro, Brazil

2018-2020 **Educational Consultant | International Project Manager**

Learning Tribes Brasil, Sitel Group [on-demand contractor]
São Paulo, Brazil

2017-2018 **Education and Technology Analyst**

Sesc – Departamento Nacional – Gerência de Educação
Rio de Janeiro, Brazil

2014-2017 **Specialist in Distance Education and Popular Science**

Fundação CECIERJ
Rio de Janeiro, Brazil

2012-2014 **Education Analyst**

ID Projetos Educacionais
Rio de Janeiro, Brazil

2012-2012 **Pedagogical Coordinator Assistant and English Instructor**

SKILL Idiomas
Rio de Janeiro, Brazil

RESEARCH LAB EXPERIENCE

2019-2022 **EduTec** [Education, Technologies, and Teachers' Training]

Universidade Federal de Mato Grosso do Sul, Brazil
Research areas: Technology and Education; Didactics; Pedagogical Innovation
Faculty/PI: Dr. [Daiani Riedner](#)

Project:

2019-2022: Práticas pedagógicas e tecnologias digitais: capital tecnológico e inovação pedagógica na formação inicial de professores [Pedagogical practices and digital technologies: technological capital and pedagogical innovation in initial teacher training]

Summary: This study aims to identify and analyze the characteristics of pedagogical practices with the use of digital technologies in initial teacher training courses (degrees) at six universities in the State of Mato Grosso do Sul, Brazil. The goal is to identify innovative practices in the institutional context and the level of technological capital of teachers.

2014- 2020 **ForTec** [Teachers' Training and Technologies]

Pontifícia Universidade Católica do Rio de Janeiro, Brazil
Research areas: Technology and Education; Didactics; Epistemology
Faculty/PI: Dr. [Magda Pischetola](#)

Projects:

2017-2020: Epistemologia e didática com uso de mídias [Epistemology and didactics with the use of media]
Summary: Is there a relationship between the conception of knowledge and pedagogical practice? What is the teachers' epistemological view underlying the discourse of technology integration in education? And even more specifically: would information and communication technologies be pointing to a "paradigm revolution" in education? This study sought to answer these questions, returning to the school context with a new investigation with a qualitative approach. The research was carried out in two of the eight previously selected schools, chosen because they present a vision of the teachers that was closer to the group's concept of sustainability.

2014-2016: Desafios à sustentabilidade dos programas de inclusão digital para a educação básica: formação de professores e apoio à prática pedagógica [Challenges to the sustainability of digital inclusion programs for K-12 education: teacher training and support for pedagogical practice]
Summary: This research aimed to deepen the issues related to the introduction of digital technology in eight municipal elementary schools in the city of Rio de Janeiro, indicated by the Municipal Secretary of Education as "sustainable" from the point of view of the integration of technologies in the school routine. From this perspective, a reflection was proposed based on two axes: evaluating the strategies that enable the economic and cultural sustainability of a project; to analyze didactic practices using technology in the researched schools.

2010-2011 **SELEPROT** [Semiotics, Reading and Text Production]
Universidade do Estado do Rio de Janeiro, Brazil
Research areas: Linguistics; Applied Linguistics; Semiotics
Faculty/PI: Dr. [Darcília Simões](#)

Project:

2010-2011: Iconicidade em Eça de Queiroz: Leitura para o domínio da língua [Iconicity in Eça de Queiroz: Reading for language mastery]
Summary: The study aimed to analyze the potentialities of the short stories written by Eça de Queiroz to promote the enrichment of the student's lexical and semantic domain. The Theory of Verbal Iconicity and Halliday's Functionalism were the theoretical framework used to investigate the presence of a lexical trail that proves the production of irony in the analyzed corpus.
